

Positive Approach to Dementia Care Conference

2017 Positive Approach to Dementia Care Conference April 27, 2017

The Alzheimer's Alliance of Smith County is pleased to announce our annual conference featuring Teepa Snow, developer of the GEMS dementia classification model and the Positive Approach to Care training strategies. The Positive Approach to Dementia Care Conference will be held at Green Acres Baptist Church CrossWalk Conference Center on Thursday, April 27, 2017, from 8:00 a.m. to 5:00 p.m., and we would like to invite you to participate!

One of America's leading educators on dementia, Teepa Snow has brought together her clinical experiences, practical insight, and scientific knowledge of the brain, to develop practical strategies to help caregivers provide the best support for those diagnosed with Alzheimer's disease and other forms of dementia.

This conference is an opportunity for professional and family caregivers to receive a variety of tools, strategies, and resources needed to help everyone affected by dementias to live life fully and well. Teepa has created a unique way to look at brain change and a training system to help people:

- have a greater understanding of what Alzheimer's disease does to a person, physically and psychologically.
- learn practical strategies to use when dealing with a person living with dementia.
- connect with those living with dementias, throughout the stages of their disease.

This conference will offer a variety of continuing education credits and we are anticipating approximately 300 professional and family caregivers from across the region in attendance. This is an excellent platform for your company to reach an ever-growing population in East Texas, as well as the opportunity to support dementia-specific programming for our community. Because spaces are limited, sponsorship and exhibitor opportunities will be considered on a first-come basis; please return the attached application as soon as possible.

Feel free to contact the Alliance office if you have any questions. We look forward to having you join us at the *Positive Approach to Dementia Care Conference* in 2017!
